**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

This Privacy Notice is being provided to you as a requirement of a federal law, the Health Insurance Portability and Accountability Act (HIPAA). This Privacy Notice describes how we may use and disclose your protected health information to carry out treatment, payment or health care operations and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information in some cases. Your "protected health information" means any written and oral health information about you, including demographic data that can be used to identify you. This is health information that is created or received by your health care provider, and that relates to your past, present or future physical or mental health or condition.

**I. Uses and Disclosures of Protected Health Information**

The Midwest Center for Day Surgery may use your protected health information for purposes of providing treatment, obtaining payment for treatment, and conducting health care operations. Your protected health information may be used or disclosed only for these purposes unless the *Midwest Center for Day Surgery* has obtained your authorization, or the use or disclosure is otherwise permitted by the HIPAA privacy regulations or state law. Disclosures of your protected health information for the purposes described in this Privacy Notice may be made in writing, orally, or by facsimile (fax).

**A. Treatment.** We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party for treatment purposes. For example, we may disclose your protected health information to a pharmacy to fill a prescription or to a laboratory to order a blood test. We may also disclose protected health information to physicians who may be treating you or consulting with the Midwest Center for Day Surgery with respect to your care. In some cases, we may also disclose your protected health information to an outside treatment provider for purposes of the treatment activities of the other provider.

**B. Payment.** Your protected health information will be used, as needed, to obtain payment for the services that we provide. This may include certain communications to your health insurance company to get approval for the procedure that we have scheduled. For example, we may need to disclose information to your health insurance company to get prior approval for the surgery. We may also disclose protected health information to your health insurance company to determine whether you are eligible for benefits or whether a particular service is covered under your health plan. In order to get payment for the services we provide to you, we may also need to disclose your protected health information to your health insurance company to demonstrate the medical necessity of the services or, as required by your insurance company, for utilization review. We may also disclose patient information to another provider involved in your care for the other provider's payment activities. This may include disclosure of demographic information to anesthesia care providers for payment of their services. If you pay for a service or health care item out-of-pocket in full, you can ask us not to share that information for the purpose of payment or our operations with your health insurer.

**C. Operations.** We may use or disclose your protected health information, as necessary, for our own health care operations to facilitate the function of the Midwest Center for Day Surgery and to provide quality care to all patients. Health care operations include such activities as: quality assessment and improvement activities, employee review activities, training programs including those in which students, trainees, or practitioners in health care learn under supervision, accreditation, certification, licensing or credentialing activities, review and auditing, including compliance reviews, medical reviews, legal services and maintaining compliance programs, and business management and general administrative activities. Because the surgery center does not engage in any fundraising, protected health information is not used for fundraising communications.

In certain situations, we may also disclose patient information to another provider or health plan for their health care operations.

**D. Other Uses and Disclosures.** As part of treatment, payment and health care operations, we may also use or disclose your protected health information for the following purposes: to remind you of your surgery date, to inform you of potential treatment alternatives or options, or to inform you of health-related benefits or services that may be of interest to you.
